M. Rymek - 14/09/2020

Participation in the water strategy of the basin

- **SDAGE 2022-2027 consultation scheduled for the first half of 2021**

A simple "mass" consultation in ... 1 single question ... on smartphone / tablet on the basis of very short teleports

Developed and in-depth opinions on a digital register

A survey for a scientific measurement of opinion

The proposals of a citizen jury

A young planet and challenges for water

The planet has never been so young: 51% are under 20 ...

90% of those under 30 live in countries suffering from water scarcity and the consequences of climate change.

The Artois Picardie basin:

Les Hauts de France, the youngest region in France: 12.7% of the inhabitants are under 25, 2

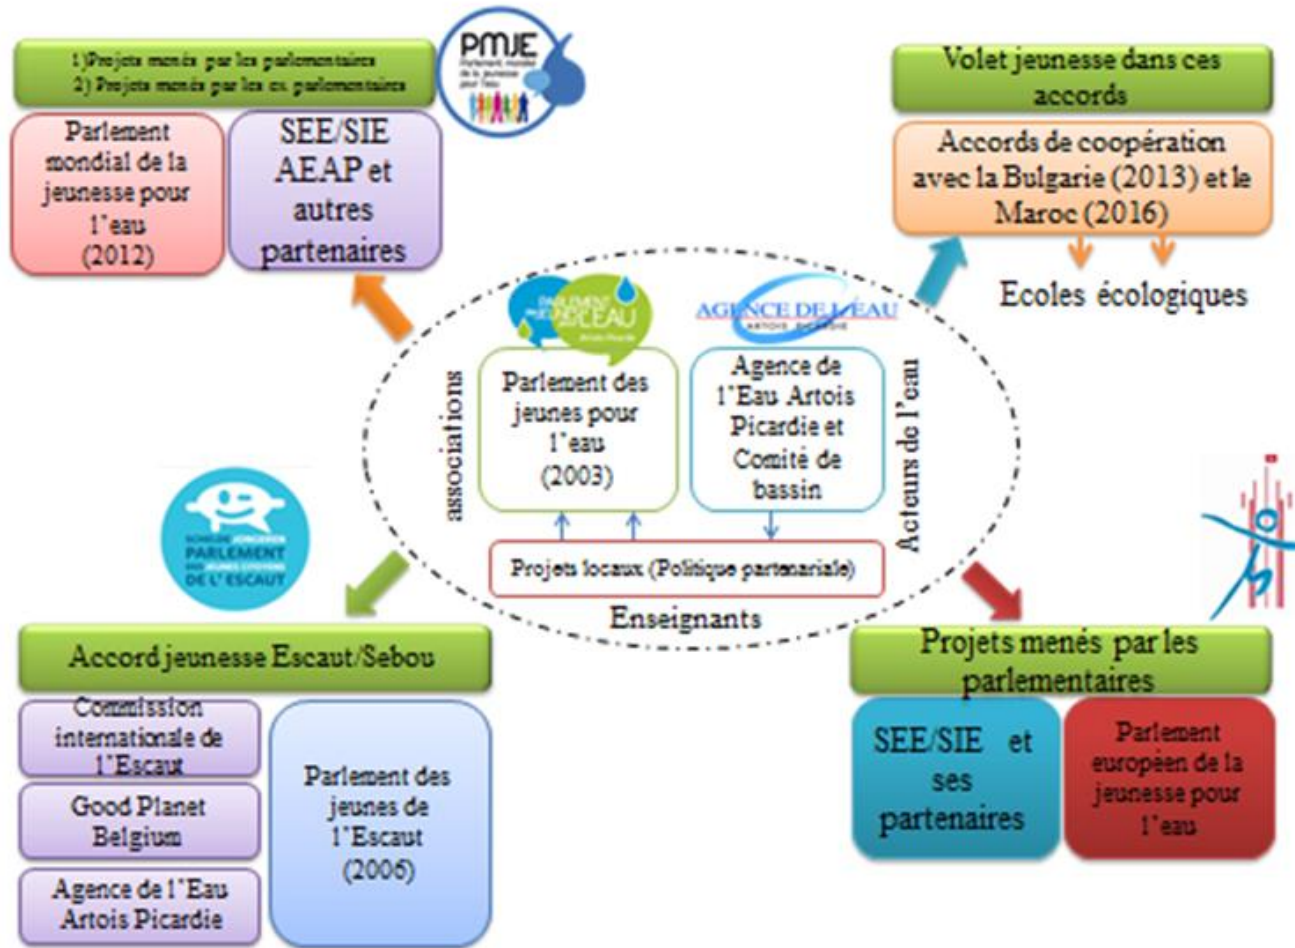

2 international districts and shared governance on the Scheldt

Understand, debate and act for water

Widening the circle of consultation for water

- Establishment of a basin educational committee (2001)
- Signature of the Ecocitoyen Charter (2003)
- Establishment of the Youth Parliament for the water of the Artois Picardie basin in 2003, then that of the Scheldt in 2006
- Youth policy and contribution to the creation of the international "youth for water" movement
- youth representation on the Basin Committee

Youth policy and its partners

Contribution of the agency
100,000 € per year
