

**International Year of Water Cooperation  
Mexico, 5-6 December**

**WORKING GROUPS  
PREPARING RECIPES FOR WATER COOPERATION**

**ROUND N°1**

**Questions**

1. How relevant has the International Year of Water Cooperation been to your work? How has the International Year of Water Cooperation contributed to better water management and decreased water conflict? Are these types of designated periods useful? How can they be made more effective? How can the United Nations System contribute?
2. How can we measure how *water-secure* a region or nation is? What indicators suggest this security? Are the institutional factors possible indicators?
3. Do you believe that we need a UN Sustainable Development Goal on Water after 2015? If so, why do you believe is it important to have a goal on water?

**Answers**
