Mexico, 5-6 December**

**WORKING GROUPS  
PREPARING RECIPES FOR WATER COOPERATION**

**ROUND N°2**

**Questions**

1. How can governance mechanisms be improved so that transboundary cooperation is enhanced and potential conflict is reduced? What sorts of transnational institutions are needed to promote cooperation among neighboring basin states? Do such institutions exist or do they need to be created?
2. What kind of special challenges do transboundary aquifers pose to set up effective cooperation when compared to transboundary river basins
3. How can cooperation between sectors be improved? How should the “I” in IWRM evolve to include other key sectors (energy, food production, public health, etc.) that influence and are influenced by water management
